BUSINESS SUMMARY

Iowa based product manufacturing company specializing in aluminum molds and short run injection molded parts with a large repeat customer base. Their process utilizes high-quality aluminum molds to shorten development time, cut development costs, and allow for changes quickly. Excellent reputation with all new customers coming from referrals and word of mouth, no sales and marketing program in place. Real estate included in the sale.

COMPETITION

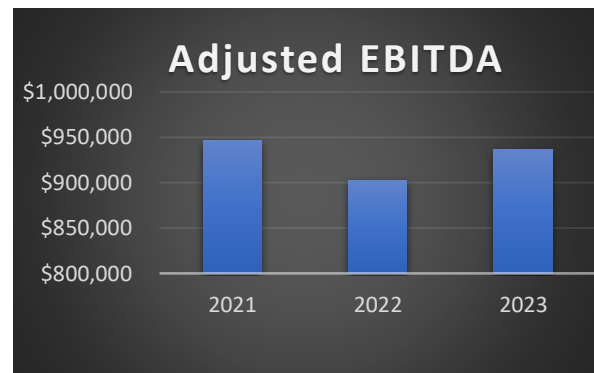

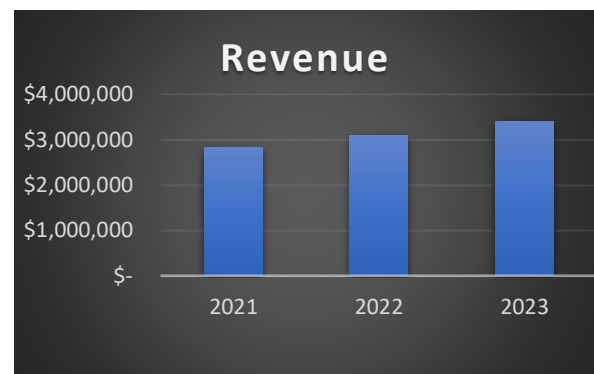

This company is capable of providing parts for pilot runs, short runs, and pre-production which most competitors often overlook.

FINANCIAL SUMMARY

Profitable business with strong financials.

2023 Revenue: \$3,407,808

2023 Adjusted EBITDA: \$936,190

GROWTH OPPORTUNITIES

This company's significant warehouse expansion and investment in state-of-the-art equipment have positioned it for substantial future growth. By extending production hours through additional shifts and launching focused marketing campaigns to attract new customers, this company can achieve significant expansion.
